PUBLISHERS' NOTE

The information in this directory is gathered by an actual house to house canvass, and is compiled in a way to insure maximum accuracy.

The Publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors and omissions, hence no responsibility for same can be or is assumed.

The Publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next Directory.

HENDERSON DIRECTORIES, LIMITED
PUBLISHERS

Introductory

The present volume constitutes the 1941 edition of Henderson's Directory of Regina. The work embodies a complete epitome of the civic, commercial, social and industrial interests and activities of the municipality. It is a modern Directory in all its parts and includes all the essential features which have been proven so satisfactory to our patrons in previous issues. These have been retained and amplified, and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory, thus fully meeting the requirements of patrons. The approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION

THE DEPARTMENT OF MISCELLANEOUS INFORMATION is included in pages 65 to 96 and contains data concerning City, Provincial and Federal Government offices, commercial organizations, cemeteries, churches (denominational and miscellaneous), colleges and schools, hospitals, homes and asylums, building exchange and associations, institutes and societies, libraries, military organizations, public schools, secret societies, etc.

THE STREET AND AVENUE GUIDE

THE STREET AND AVENUE GUIDE is embraced in pages 97 to 214; in this feature the names of all streets and avenues are arranged alphabetically and numerically, giving the location, number on the street and showing the occupant.

The intersecting Streets are shown in the order that they come.

◆ Denotes that the tenant of the house is the owner.

✧ Denotes that there is a telephone in the house.

THE ALPHABETICAL DIRECTORY

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations covers pages 215 to 616.

THE CLASSIFIED BUSINESS DIRECTORY

THE CLASSIFIED BUSINESS DIRECTORY commences on page 617, and exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

ADVERTISING REGINA

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, the publishers have placed copies of this issue of the Directory in the directory libraries, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Regina, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Respectfully, The Publishers

HENDERSON DIRECTORIES LIMITED.

City of Regina

Regina, Capital of the Province of Saskatchewan, is situated 357 miles west of Winnipeg on the Canadian Pacific Railway main transcontinental line and in the exact centre of population for Western Canada. Incorporated as a city in 1903, with a population of 3,000, Regina has grown solidly and steadily until recognized today as the fourteenth city in size in the Dominion of Canada with a population of 53,389.

The City was named as the first train arrived at 9 o'clock, August 23, 1882, by Princess Louise, Duchess of Argyle, wife of the then Governor General of Canada, in honor of Queen Victoria.

The first settlers of the district arrived in May, 1882, and subsequently a canvas town sprang up where the trestle bridge carries the main track of the C.P.R. across Wascana Creek, about a mile west of the centre of the City.

The selection of the townsite of Regina was arranged jointly by the Government and the C.P.R. Company. Early in 1883 an officer of the North West Mounted Police was sent to select a suitable place for the headquarters of the force, which had previously been at Winnipeg. On his return the lands at present occupied by the barracks were selected.

At this time an agreement had been completed between the Dominion Government and the Railway Company to enter into partnership regarding certain townsites, one of which was to be the seat of Government for the North-West Territories. Acting under this agreement the General Manager of the Railway Company, then W. C. Van Horne, and Mr. Dewdney, the Governor of the Territories, selected four sections, viz: 19 and 30, township 17, range 19, and 24 and 25, township 17, range 20, west of the second meridian, to constitute the Townsite of Regina. These selections were subsequently vested in Messrs. Osler, Scarth, Smith and Angus, trustees to administer and divide the net proceeds between the Federal Government and the Railway Company.

The arrangement for the control of the townsite by the Townsite Trustees was terminated by Order in Council of 29th December, 1900, and by further Order in Council of 6th April, 1903, the granting to the Municipality of the lots in the Townsite which had reverted to the Crown was authorized.

Up to March 7, 1883, when the Roundhouse was burned, Regina had been a Divisional Point on the C. P. R., but after that date the headquarters of the Division was removed to Moose Jaw.

By Order in Council, 27th March, 1883, the Town of Regina was declared to be the seat of Government of the North-West Territories in place of Battleford.

In the Spring of 1883, the first school was opened in the town. The original Dominion Lands Office, a low frame building, was brought up on a flat car from Troy (afterwards called Qu'Appelle) and placed at the corner of Broad Street and Victoria Avenue.

A public meeting was held in April, 1883, to discuss the matter of the site of the proposed post office, the site finally selected being on Victoria Avenue.

On May 13, 1883, Lieutenant Governor and Mrs. Dewdney arrived to take up residence in Regina. They were met on arrival by a large number of citizens, and His Honour was presented with an address.

Regina was made a Money Order Point on July 1, 1883. A public meeting was held and a citizens' committee formed to carry on the business of the town. Mr. John Secord, Barrister, was appointed secretary, and Sub-Committees were appointed on Finance, Sanitation, Fire and Water and Miscellaneous Affairs. A committee was also appointed to draft a charter of incorporation, and the Finance Committee were instructed to collect \$2,000 by public subscription for public works.

Elections for the North-West Council were held in August, 1883. Mr. William White was selected for the Regina district. The Fifth Council of the North-West Territories was opened by Lieutenant Governor Dewdney on August 22, 1883. A bill entitled, "An Ordinance Respecting Municipalities," was introduced in the North-West Council on September 12, 1883, and a public meeting of citizens was called to discuss the matter of incorporation.

In October, 1883, a lot on Eleventh Avenue, near Rose Street, was sold for \$275. At this time farm lands in the vicinity of the City were worth about \$5 per acre.

On Monday, October 8, the Civic Council met and took final steps to comply with the Ordinance to provide Municipal Government. The Government Buildings, Council Chambers and Indian Office on Dewdney Avenue were completed in October. The first telephones, privately owned, were introduced into the town at this time.

Nominations for the first Municipal Elections took place on January 3, 1884. Two hundred and thirteen votes were polled, and the following were elected: J. W. Smith, J. A. Kerr, J. D. Sibbald, James Hambley, Daniel Mowat, W. H. Gibbs and D. L. Scott, the last named, who later became Judge of the Supreme Court of Alberta, being the first mayor.

Regina was incorporated as a City on June 19, 1903, under Chapter 28 of the Ordinance of the North-West Territories, 1903-4, and became the Capital and Seat of Government of the Province of Saskatchewan.

The Parliament Buildings, the erection of which was commenced in the fall of 1908, stands in its own grounds of about 160 acres south of Wascana Lake and within the City Limits. It has been said that there are no Parliament Buildings more dignified or better adapted to the needs of legislative work than those of the Saskatchewan Capital.

CITY GOVERNMENT

The Government of the City is vested in a Council. It is what is regarded as a modified form of Commission Government with the Council as the Legislative body, and the City Commissioners as the Executive. The powers of both are combined in "The City Act." The Council consists of the Mayor and ten Aldermen. The Council is elected by wards. The mayor is elected annually, while the Aldermen hold office for two years. The mayor and the members of the Collegiate Institute, Public and Separate School Boards are elected at the same time by a vote of the city at large.

FINANCIAL CENTRE

Regina is unquestionably the financial centre of the province and its development in this respect is remarkable. Eight Canadian Chartered Banks have branches in the city. The Bank Clearing House Association was established and commenced business October 1, 1909.

A very large volume of business is transacted in the purchase and sale of bonds and debentures of the municipalities and school districts of Manitoba, Saskatchewan and Alberta, the City being the headquarters of Western Canada for this class of business.

RAILWAY CENTRE

Fourteen rail lines radiate in all directions from the city, serving 640 towns and villages in the main trading area over 4,303 miles of trackage. Freight and express shipments from the city can reach practically every point in Western Canada in twenty-four hours.

DISTRIBUTING POINT

Regina offers unrivalled facilities for the distribution of merchandise throughout Western Canada. The city is the largest distributing centre of farm machinery in the world, business in this line having reached \$35,000,000 in the year. 137 wholesale concerns are situated in the city's industrial area.

MUNICIPALLY OWNED INDUSTRIAL SITES

Regina occupies a unique advantage for industrial development in that it owns a large portion of its original townsite, 300 acres of which have been set aside for a model industrial area. This property is only three blocks from the downtown business and financial section and is exclusively reserved for wholesale and manufacturing premises. The area is paved, and the property is served with spur trackage, sewer, water, power, walks and street railway. Its freight depots and unloading platforms are convenient to the entire area, while still about six miles of spur track frontage is available. Such control by the city prohibits speculation with industrial site property. Located in the city are 84 industries, 137 wholesale businesses and 706 principal retail and service establishments.

MUNICIPAL OWNERSHIP

The City owns its own street railway, light and power and water systems. Regina has an abundant supply of water for all purposes which possesses the distinctive feature of being the coldest supply at source of any on the North American Continent.

CENTRE OF GRAIN GROWING AREA

Surrounding Regina is the finest grain growing district in the world. Saskatchewan is the greatest grain growing province in the Dominion and produces annually one half of the Canadian hard wheat crop. As producer of quality hard wheat Saskatchewan leads the world, having won the world's prize eleven times during the past sixteen years.

LIVE STOCK

While Saskatchewan has always been considered the Premier Grain Growing Province in the Dominion there is abundant evidence that she will, in the not distant future, occupy an equally outstanding position in the realm of livestock.

At the Royal Winter Fair, Toronto, and at the International Exposition, Chicago, the high quality of our Saskatchewan livestock has been demonstrated over a long period of years.

An increase is shown in the cattle population of the province, and considerable improvement is being brought about by Pure Bred Sire Areas and the use of better bulls.

In sheep, in swine and in poultry every effort is being made to improve the quality and encouraging results are being obtained. This is evidenced by the fact that in swine, a Saskatchewan Barrow was successful in winning the Grand Championship at "The Royal Winter Fair" in 1930, the first occasion on which this coveted award has been secured by any province in Western Canada.

EDUCATIONAL CENTRE OF PROVINCE

From the educational and social points of view, the City also offers every advantage. The City has the Regina College, a branch of the University of Saskatchewan, St. Chad's (Anglican) College, Campion (Roman Catholic) College, and the Provincial Government Normal School, as well as a Lutheran College.

Besides this group of educational buildings there are 22 public and separate schools, 2 collegiate institutes and the Balfour Technical School opened in 1930 and one of the largest buildings of its kind in Western Canada. There are 57 churches, Y. M. C. A., Y. W. C. A., 2 public hospitals and several private nursing homes, a public library with 4 branches and 6 commercial schools.

Contributed to the City by one of the earliest residents, Mr. F. N. Darke, the Darke Building for Music and Arts affords a facility for large gatherings seldom found in much larger centres.

CENTRE FOR THE TOURIST TREK

Tourists going north or south or east or west find in Regina a charm and gaiety to match the mood of holiday and to lend a pleasant interlude to any trip.

Not only does the "Queen City of the Plains" have much of interest, beauty and historical value to give the visitor, but it offers the nearest centre from which roads lead off to the wonderland of Saskatchewan, into the hills, the lakes, by tree-lined roads, into the glory of the pine-clad north.

To reach this city of the plains, and Capital of the Province, you travel through a fascinating country. A land of thrilling spaciousness, a boundless, rolling plain of fertile soil and far stretched fields of waving grain, the land of appealing beauty, of long days of sunshine, glorious colorful sunsets, clear air—a land that holds you in its spell and calls you back when you are gone.

Visitors will find a modern, bustling centre. There are excellent hotels, a most comfortable and charming tourist camp, splendid theatres, modern and extensive shopping facilities, beautiful drives, splendid golf courses, aquatic facilities, libraries and shady parks.

On the southern shore of Lake Wascana are the magnificent grounds and buildings of the Provincial Government. Visitors are always welcome and can visit the library and reading rooms during the day. A view of the city from the high dome over the Legislative Chambers is a sight amazing to those who know not of the distances of vision on the prairies. The gorgeous grounds invite a quiet walk amidst the cooling shade beside the lapping water of the lake.

In the library will be found many relics of great historical value, chief of which is the Confederation Table. Around this massive board sat Fathers of Confederation who brought the scattered parts of the settled East into the unity which today, as the Dominion of Canada, holds a place of high regard among all countries of the world.

One should not fail to visit the Natural History Museum in the Provincial Normal School on the other side of the lake. Here, in lifelike form, can be seen the birds and animals that make their homes upon the prairies.

Towards the edge of the city is the western headquarters of that famous force, the Royal Canadian Mounted Police. A short visit to the barracks grounds will show the older buildings from which the law was administered to a western nation, even into the Arctic.

Splendid highways and rail lines lead to the Capital from all directions, and to the guests who come by aeroplane one of the best airports in Canada is available.

Recreational and entertainment facilities afford a varied selection for pleasure under ideal surroundings, and short distances take the visitor to cooling sandy beaches on lakes in the historical Qu'Appelle Valley.

In this valley of many an Indian legend is the chain of lakes renowned for their great beauty and their joy to camper and to fisherman.

But little farther to the south and east are the beautiful Carlyle Lakes, a place to rest and greet the tourist who has entered from the United States. To the west are the vast lakes that draw the hunter in the Fall to the call of duck and goose that rest in thousands on their surfaces. On into the Cypress Hills where trout abounds, in wooded beauty of these foothills can the holidayer go to find a happiness and joy in care-free days and health and vigor in the brilliant sunshine.

Turning back into the north again one finds without a warning of its presence a wonder spot of the central part of Saskatchewan. Little Manitou Lake reposes near the town of Watrous and to the healing water of this "Carlsbad of America" come thousands every year. Health indeed has come to hundreds who seek the magic of its powers, just as did the Redman of the plains a hundred years ago, and thousands of the birds whom hunters' guns have wounded or ailment overtaken.

On into the north through a fairyland of lakes and dells that trace their pattern over miles of green terrain and into the pine and birch clad land of peace and beauty—into the great Prince Albert National Park—the playground of the West.

Little known and little heralded are the beauties of Saskatchewan. So vast in its boundaries that it could be a nation in itself. So rich in the resources of nature, that it has drawn the eyes of the continent to its possibilities. So gorgeous in its varied beauties that those who have learned have stayed and wandered not from its entrancing rendezvous. So cheery and so genuine in its friendliness and greeting that hearts are warmed and burdens lifted with its charm.

Regina is the centre from which to start this intriguing exploration that will make your vacation a memorable one. Go forth as a vagabond adventurer and find your joy and peace and rest—return again to the city where your welcome never cools—and on to meet the labors of the day inspired, renewed and with memories and happiness that even time cannot remove.

Pax Vobiscum!

CITY HALL

Regina's City Hall is situated at the corner of Eleventh Avenue and Hamilton Street. The funds for its erection were to a great extent provided by the sale of the townsite lands.

HEADQUARTERS OF MILITARY DISTRICT

Regina is also the headquarters of Military District No. 12, which comprises the Province of Saskatchewan. This adds much to the business and social life of the City.

MEETING OF COUNCIL

The first meeting of the Council in each year is held on the first Monday in January, except when that day is a public holiday, in which case the meeting takes place on the next subsequent day which is not a public holiday; and the Council of the previous year holds office until the new Council meets.

The subsequent regular meetings of Council are held on the first and third Tuesday in each month throughout the year at 7.30 p.m.

Special meetings of the Council may be called by the Mayor whenever he deems it expedient, and he may do so when requested in writing by a majority of the Council.

A majority of the whole Council constitute a quorum.

POLICE DEPARTMENT

Headquarters: 11th Avenue and Halifax Street

The police department is under the control of the Board of Police Commissioners, consisting of the following:

His Worship the Mayor James Grassick (Chairman).

His Honor J. W. Hannon (Judge of the District Court).

W. B. Scott (Police Magistrate).

The police force consists of a chief, one staff inspector, one inspector, one detective sergeant, five detectives, one traffic sergeant, three sergeants, four patrol sergeants, three patrol drivers, thirty-four constables, three clerks, janitor and matron.

Chief Constable—M. J. Bruton

STREET RAILWAY

The construction of the street railway as a municipal enterprise was projected in 1910. Actual construction began in the early part of 1911, and operation of cars on same was commenced July 29, 1911. At this time the system consisted of about six miles of track and six cars. Now there are 30 miles of track within the city limits, 14½ miles of this being in pavement. The rolling stock is as follows: 46 Passenger Cars; 2 Sweepers; 30 Freight Cars; 1 Snow Plow; 1 Sweeper Plow; 1 Motor Haulage Car.

The total expenditure up to December 31, 1933, was \$2,485,138.73, of which \$515,853.71 was for cars and car equipment.

GENERATING PLANT

A modern generating plant, located on the shores of Wascana Lake, corner Winnipeg and Douglas Avenue, generates all power for the city. It has installed one 15,000 kw. C. A. Parsons, two 5,000 kw. Curtis, one 3,000 and two 1,500 kw. Williams (Siemens) turbines, six 500 h.p. Babcock and Wilcox water tube boilers, fitted with Riley Underfeed Stokers and two 900 h.p. B and W Boilers with water cooled walls and pulverized fuel furnaces with pulverizing equipment to supply on the unit system, also one Kidwell-Foster-Wheeler steam generator unit, capacity 200,000 lbs. per hour at 430 lbs. pressure .750 degrees fahr; also fired on the unit system pulverised coal, natural gas, or oil. The plant has all modern labor saving devices and shows excellent economy in generating.

SUBSTATIONS

No. 1 Plant is now employed as a substation and water pump plant, and for the supply of street railway power has installed one 1,200 k.v.a. Bruce Peebles motor converter and two 400 k.w. Siemens generators, driven by one 1,200 h.p. Synchronous motor. It has also two motor driven water pumps, five million and seven million gallons capacity respectively. This Substation as well as No. 2 Substation on Elphinstone Street between Victoria Avenue and South Railway is arranged as feed point from a 13.2 Kilowatt circuit through a bank of transformers 7,500 k.v.a. in each Substation. These two Substations are each capable of expansion to 15,000 k.v.a. capacity.

REFUSE DISPOSAL SYSTEM

Regina has now in operation one of the most modern refuse disposal plants on the continent. All refuse collected from the city is hauled to a central transfer station, where it is loaded into steel dump cars. From the transfer station, which was specially constructed for this purpose at a cost of \$20,000, the refuse is transferred over the street railway to the incinerating plant at the disposal works, a distance of two and a half miles. The incinerating plant, recently constructed at a cost of \$64,000, has a capacity of 110 tons per 24 hours and is modern in every particular.

STREET LIGHTING

Nine hundred and twenty-five lamps light 103.2 miles of streets and one mile of lanes.

For distribution of light and power to 24,423 consumers approximately 103 miles of pole line is required.

WATERWORKS DEPARTMENT

Superintendent—R. W. Allen (acting).

Department Office—3rd Floor, City Hall, Phone 22 403.

Foreman's Office and Repair Shop—1421 block Broad Street, Phone 91 841.

Pumping Station, No. 1 Power House—Broad and Dewdney Avenue.

The Waterworks system is owned and operated by the City.

The principal sources of supply are the springs, artesian and pumped wells in the valley of Buggy Creek about 8 miles Northeast of the City. Other sources are at Mallory Springs, 4 miles East of the City and Mound Springs, 12½ miles North of the City. A dam constructed across the Creek impounds about 100,000,000 gallons of water, forming an artificial lake which is now part of the Park System rather than part of the Water supply system. Approximately 186 drillings have been made in connection with the construction, testing, and renewing of wells. There are approximately 45 flowing wells, one of which is equipped with a pump for increasing the yield, in addition three other non-flowing wells are equipped with pumps and used when required. All the wells yield a pure, sparkling water, somewhat hard, but of excellent potability.

The well water is collected in the Barton Pump well (270,000 gallons capacity), and raised to the Tor Hill Reservoir by means of two 2,000,000 gallons per day Centrifugal Pumps, one directly connected to a 75 H.P. Electric Motor and the other to a 100 H.P. Electric Motor, or either pump can be driven by Oil Engines. Two of the pumped wells are connected to Tor Hill Reservoir by direct pipe lines.

Tor Hill Reservoir is a circular reinforced concrete structure, has a capacity of 5,000,000 gallons and stands about 125 feet above the City level; it is 202 feet in diameter and the maximum depth of water is 25 feet. It is connected to the City Reservoir and pumping station by a pipe line of which 2 miles is 24" reinforced concrete and 4½ miles is 18" cast iron.

The spring water and the water from a 10 inch pumped well is conveyed by 15 inch vitrified pipe to the compensating basin and thence by 10 inch cast iron main to the City Reservoir and Pumping Station.

The Compensating Basins are approximately midway between the City and the Boggey Creek Pumping Station, and have a capacity of 1,065,000 gallons.

The second source of supply is located at Mallory Springs, four miles East of Winnipeg Street, and half a mile North of Dewdney Avenue. This source was connected to the City in 1928 by an 18 inch pipe line. As originally developed, the source consisted of flowing wells yielding a little over 500,000 gallons daily. In 1929, there were constructed two concrete wells of 18" inside diameter. These wells are each equipped with pumps capable of delivering 1½ M.G.D. One unit is a standby in case of failure of the other. The average available yield is 1,000,000 gallons per day.

A third source of supply is at Mound Springs, 14 miles North of the City. This source was explored during 1929 and 1930 by means of 12 test borings which indicated an available supply of probably two million gallons per day. In 1932 a well was constructed and equipped with a pump of one million gallons per day capacity. Two additional wells have been installed since then, capable of supplying a further 1½ million gallons per day. Water from this source is conveyed through ten miles of 20" reinforced concrete pipe line to the Albert Reservoir and thence to the City Reservoir through four miles of 36" reinforced concrete pipe. The Albert Reservoir is on a height of land four miles North of the City and is a circular reinforced concrete structure, 287 feet in diameter and of ten million gallons capacity. Surplus water from Boggey Creek can also be stored in the Albert Reservoir.

The total length of supply mains is 32.9 miles.

The City Reservoir is located near the City Pumping Station. It is of reinforced concrete 250 feet long by 153 feet wide, 21 feet deep, capacity 5 million gallons.

At the City Pumping Station the equipment consists of two 2½ million gallons per day and two 3½ million gallons centrifugal pumps, both sets having parallel and series connections, which enable them to deliver their capacity at 60 pounds pressure or half capacity at 120 pounds pressure. Both sets of pumps are driven by electric motors with variable speed controls. To provide a standby in case of electric failure there is a pumping unit consisting of two centrifugal pumps each of 3,300,000 gallons per day capacity, driven by gasoline engines. These pumps are capable of delivering their rated capacity at 100 pounds pressure.

The normal domestic pressure is 35 to 45 pounds per square inch, which is increased for fire fighting purposes to 70 pounds and over.

The Distribution System is divided into three districts, No. 1 being East of Albert Street and South of the C.P.R. main line, No. 2 being West of Albert and South of the C.P.R. and No. 3 all North of the C.P.R. No. 1 and No. 2 districts are each supplied from the pumping station through a 24" diameter trunk mains and No. 3 district through an 18" diameter main. These trunk mains feed into the smaller street mains which range down mostly to 6" diameter. The total length of distributing mains is 80.2 miles. There are approximately 9,585 connected services, mostly metered, varying in size from 6" to ¾". Beyond the distribution system there are approximately 1,400 dwellings supplied from 76 public water taps. The system also includes 686 fire hydrants.

The City water normally requires no purification, but the plant is equipped with a Wallace and Tiernan chlorinator. This can be used whenever the weekly examination by the Pathologist at the General Hospital indicates the need.

Water consumption for 1940 averaged 3.9 million gallons per day; the largest daily consumption was August 13, 6,374,000 gallons.

Applications for services to be connected or disconnected should be made at the Treasurer's office, City Hall basement. All other service calls as well as inquiries and complaints should be made at the Superintendent's office, City Hall. For the convenience of the public a standby service is maintained at the foreman's office, 1423 Broad St., for attention to service and emergency calls at night time or on Sundays or public Holidays.

CEMETERIES

Regina City Cemetery, n. s. 4th Ave. near Hamilton.

PARKS

The present area of land set aside for public park purposes is 257 acres. Wascana Park is the largest being about 45 acres in extent. The value of this land with improvements is estimated at \$3,300,000.

Alexandra Park—Generally known as Broad Street Park, is used as a children's playground, and is equipped with suitable apparatus. It is proposed to lay out several other playgrounds in different parts of the City in a similar manner, with a view to conforming as far as possible with the school curriculum of playground teaching.

Dewdney Park—Southeast of Dewdney Bridge (under development).

Rotary Park—Situated south of Wascana Creek between Albert Street and Retallack. Planted with trees and shrubs, lawns and fountains.

Victoria Park—Situated on Lorne Street between Twelfth Ave. and Victoria Avenue, one block from the Post Office, in the heart of the City, has an area of over 7 acres. This park is laid out in an ornamental scheme, with cenotaph in the centre, while trees, shrubbery and flowers are used to a good advantage in beautifying it.

Parkdale Park—Situated on Queen North between Fourth Avenue and Chicago.

Wascana Park—Situated to the south of the City, has a frontage of a quarter of a mile along the Wascana Lake. This lake extends for nearly two miles east, and affords excellent facilities for boating, bathing and skating, of which full advantage is taken. A large boat Club building and boat livery are situated on the shores of the lake. A civic bathing house is maintained for the free use of the public. Some 35,000 men, women and children use the pool from June 1st to September 15th. A band stand occupies an appropriate position in the park and frequent band concerts are given. This park, adjoining as it does, the grounds of the Regina College, and being in full view of the lake and Parliament Buildings, offers ample opportunity for development.

Park de Young—Situated on Robinson Street and Tenth Avenue.

No. 2—Park de Young, between 9th and 10th Avenues, Retallack Street and Robinson Street, is used for baseball.

No. 3—Block 255, between 9th and 10th Avenues, Robinson Street and Cameron Street, is used for football.

No. 4—Block 330, and portion of 329, between Victoria Avenue West and South Railway Street, Argyle Street and Princess Street. These grounds are available for baseball, football and tennis courts.

No. 5—Maple Leaf Park, south-east.

No. 6—Blocks 70 and 71, north-east.

Municipal Golf Courses—An Eighteen Hole Golf Course has been laid out on the city property at Boggy Creek, with large sand greens and is known as the Tor Hill Golf Course, Boggy Creek. This course was opened in September 1930, and is now completed with all the latest improvements.

REGINA PUBLIC LIBRARY

1920 Lorne Street, Victoria Square

This occupies a fine building erected in 1911 through the generosity of the late Sir Andrew Carnegie, on Lorne Street, Victoria Park. The institution is thoroughly equipped in the most up-to-date manner, and is under the control and management of a board appointed by the City Council. Branches have been established at: Albert Branch, 1401 Robinson N.; Eastview Branch, Wallace Street and Fourth Ave.; Prince of Wales Branch, corner Fourteenth Ave. and Broder St.; Connaught Branch, Elphinstone corner 13th Avenue.

Library Staff

Secretary-Treasurer—Miss Florence Armstrong
Chief of Circulation—Miss Florence Pettingell
Librarian, Albert Branch—Miss Alma Brundige
Librarian, Prince of Wales Branch—Mrs. A. D. Douglas
Librarian, Eastview Branch—Mrs. A. D. Douglas
Librarian, Connaught Branch—Gena Gavin
Librarian (Reference)—Marjorie Dunlop
Librarian (Children's)—Miss Anne Paterson
Janitor, Central Library—J. W. Lund

**The Classified Section of
the City Directory insures
your business against the
loss of a prospective cus-
tomer who finds only your
competitor listed under
headings covering
your business**

**Make
yourself
easy to find**

**More than
ninety per cent. of
all advertising mediums
are discarded before
they're a year old**

After the new ones come out your advertisement in the directory is still good, for old directories are seldom discarded while they hold together. Years later many of these directories will still be in active use. Your advertisement is still in service

Do you want LONG-LIVED advertising?

Henderson's

Regina

Street and Avenue Directory

1941

Abbott

HENDERSON'S (1941) REGINA

Albert N. 97

SPECIAL NOTICE

◆—The Symbol following the residence name, indicates that to the best of our knowledge someone living in the house is the owner.

*—This Symbol indicates that a telephone is located at this number on the street.

This new Home Owners, Tenants and Phone Directory is compiled from information taken on a special house-to-house personal canvass. We do not guarantee to be absolutely correct in every detail, but we believe it to be very accurate and complete, as far as it has been possible for us to get the information personally from someone at each residence. Where occupants have been absent the "owner" information has been left out.

ABBOTT STREET (Broder Annex)

From 10th Ave (East of Winnipeg Street) runs south.

- 2005 Kevol Wasyli◆

Consult the Classified

Business Directory

AND

Buyers' Guide

IT WILL PROVE INVALUABLE

TO YOU

**More than
ninety per cent. of
all advertising mediums
are discarded before
they're a year old**

After the new ones come out your advertisement in the directory is still good, for old directories are seldom discarded while they hold together. Years later many of these directories will still be in active use. Your advertisement is still in service

Do you want LONG-LIVED advertising?
